# OBJECTIVE

- ▶ THIS PROJECT IS BASED ON THE CONCEPT OF WEB DEVELOPMENT.
- ▶ THE AIM OF THIS PROJECT IS TO TRY TO DEVELOP AN E-COMMERCE WEBSITE USING PROPERTIES OF HTML & CSS.
- ▶ IN THIS PROJECT, WE ARE GOING TO TRY TO DEVELOP A CONFECTIONARY WEBSITE FOR A GENERAL STORE.

# SECTION-A

## FEASIBILITY STUDY

# DESCRIPTION

- ▶ IN THIS PROJECT, A CONFECTIONARY WEBSITE IS CREATED FOR KHARB GENERAL STORE.
- ▶ THIS WEBSITE CONTAINS A WIDE RANGE OF PRODUCTS RANGING FROM DAILY ESSENTIALS TO EATABLES AND BEAUTY PRODUCTS.
- ▶ IT ALSO CONTAINS FULL INFORMATION ABOUT THE STORE i.e. IT'S LOCATION, CONTACT NO. & SERVICES.
- ▶ THIS WHOLE WEBSITE IS CREATED USING THE CONCEPT OF WEB DEVELOPMENT i.e. HTML & CSS.

# WHAT DO WE ACHIEVE THROUGH IT?

- ▶ AS FOR THE DEVELOPER, HE PERSONALLY GOT INVALUABLE EXPERIENCE OF WEB DEVELOPMENT BY DEVELOPING THIS WEBSITE.
- ▶ AS FOR THE STORE OWNER, HE GET TO SELL HIS PRODUCTS TO A WIDE MASSES OF PEOPLE AND INCREASE HIS STORE'S SALES.
- ▶ AND AS FOR THE COMMON PEOPLE, THEY GET TO BUY A WIDE RANGE OF CONFECTIONARIES RANGING FROM DAILY ESSENTIALS TO CLEANING & HOUSEHOLD.

# SOME POSSIBLE PROBLEMS & THEIR SOLUTIONS

▶ PROBLEM1:- POOR OR CONFUSING USER EXPERIENCE

▶ ELABORATION:- WHILE MAKING A WEBSITE, USER EXPERIENCE SHOULD BE THE UTMOST PRIORITY OF A DEVELOPER AS A CONFUSING PATH FOR USER CAN NEGATIVELY IMPACT THE PURPOSE OF WEBSITE.

▶ SOLUTION:- THE DEVELOPER SHOULD BE STRAIGHT TO THE POINT WHILE MAKING A WEBSITE TO MAKE SURE THAT THE USER DON'T GET CONFUSED. IT IS COMPLETELY TAKEN CARE OF IN THIS PROJECT.

▶ PROBLEM2:- HIDDEN DETAILS OR CONTACT INFORMATION

▶ ELABORATION:- WHILE INTERNET MONOLITHS LIKE AMAZON, FLIPKART WIDELY LIMIT THE USER'S ACCESS TO HUMAN SUPPORT, THIS ISN'T A GOOD PRACTICE FOR SMALL AND UPCOMING BUSINESSES.

▶ SOLUTION:- WHILE THIS IS A COMMON MISTAKE OR A COMMON USER PROBLEM, IT IS COMPLETELY TAKEN CARE OF IN THIS WEBSITE WITH SEPARATE AND EASY TO ACCESS INFORMATION REGARDING CONTACTS & LOCATION.

# FEASIBILITY STUDY CONCLUSION

- ▶ SO NOW THE QUESTION ARISES, SHOULD THIS PROJECT GO AHEAD OR GET FUNDED?
- ▶ WELL WE DON'T REQUIRE ANY FUNDS FOR IT BUT THIS WEBSITE COVERS ALL THE IMPORTANT ASPECTS OF A GOOD WEBSITE AND SHOULD DEFINITELY GO AHEAD.
- ▶ THIS WEBSITE IS BENEFICIAL FOR ALL THE STAKEHOLDERS INVOLVED.
- ▶ USER EXPERIENCE AND EASY TO ACCESS INFORMATION IS AVAILABLE, MAKING IT'S CASE TO GO AHEAD STRONG.

# SECTION-B

## IMPLEMENTATION WORK

AFTER IT IS DECIDED THAT THE PROJECT IS FEASIBLE TO GO AHEAD, IT'S TIME TO IMPLEMENT THE SAME. BUT FIRST, WE NEED TO FIGURE OUT AN ACTION PLAN & MEET SOME BASIC REQUIREMENTS TO MAKE A WEBSITE

- 1) CODING APPLICATION TO BE USED:- VISUAL STUDIO CODE, SUBLIME TEXT 3
- 2) SOFTWARE TOOLS:- “HTML”, “CSS”
- 3) GATHERING OF PRODUCT RELATED INFORMATION
- 4) FRAMEWORK OF HTML PAGES
- 5) FIGURING OUT OF MAIN CSS PROPERTIES THAT CAN BE USED TO MAKE THE WEBSITE ATTRACTIVE & INFORMATIVE.

# SECTION-C

## APPLICATION OF SOFTWARE TOOLS

# SOFTWARE TOOLS TO BE USED

- ▶ HTML:- IT STANDS FOR HYPER TEXT MARKUP LANGUAGE.  
IT IS THE BASIC REQUIREMENT FOR DEVELOPING A WEBSITE.  
HTML IS LIKE THE SKELETON OF A WEBSITE UPON WHICH  
FURTHER WORK IS TO BE DONE.IT IS ALSO KNOWN AS  
MARKUP.
- ▶ CSS:- IT'S FULL FORM IS CASCADING STYLE SHEET.  
IT IS USED TO BEAUTIFY A WEBSITE OR TO MAKE A WEBSITE  
MORE EYECATCHING. IT ACTS LIKE THE MUSCLES & SKIN ON  
THE SKELETON CREATED USING HTML.

# MAIN PROPERTIES/TAGS USED

- ▶ THERE ARE SOME MAIN PROPERTIES/TAGS OF HTML & CSS USED IN MAKING THE WEBSITE
- ▶ FLEXBOX {DISPLAY:FLEX;} :- A CSS PROPERTY USED FOR CREATING A BOX AND ADJUSTING THE ITEMS WITHIN IN A LINE.
- ▶ DIV TAG {<div></div>} :- A HTML TAG USED TO DEFINE A DIVISION OR SECTION IN A HTML DOCUMENT
- ▶ IMAGE TAG {<img src="">} :- A HTML TAG USED TO EMBED AN IMAGE.
- ▶ ANCHOR TAG {<a href=""></a>} :- A HTML TAG USED TO EMBED LINKS OF DIFFERENT HTML PAGES OR WEBPAGES.

# CONCLUSION

WE HAVE COMPLETED OUR OBJECTIVE OF MAKING AN E-COMMERCE WEBSITE BY USING THE CONCEPT OF WEB DEVELOPMENT. TO SUMMARISE, WE STARTED OFF WITH THE FEASIBILITY STUDY OF THE PROJECT THEN AFTER IT WE MADE A ROADMAP & FIGURED OUT THE ESSENTIAL TOOLS FOR DEVELOPING A WEBSITE AND IN THE END, WE CREATED AN ATTRACTIVE AND INFORMATIVE CONFECTIONARY WEBSITE BY USING HTML & CSS. IT WAS A FUN PROJECT AND PROVIDED US WITH INVALUABLE EXPERIENCE IN THE FIELD OF WEB DEVELOPMENT.
